## PROFILE

---

Motivated frontend developer with a strong interest in AI-driven web solutions. Skilled in React.js, Next.js, JavaScript, and modern web technologies, with a focus on creating clean, scalable, and interactive web applications while keeping up with new tech trends

## EXPERIENCE

---

### SALES ASSOCIATE

*OLIZ STORE PVT.LTD*

06/2023 – 10/2025

Baneshwor

- Delivered excellent customer service and technical product guidance, and strengthening communication.
- Worked closely with team members, building strong teamwork and coordination capabilities.

### REMOTE REACT DEVELOPER

06/2025 – 08/2025

Kathmandu

- Built and maintained responsive, user-friendly UI components using React.js.
- Implemented core features like adding services, adding plans, and verifying admins.
- Integrated RESTful APIs and used React Query and Zustand for efficient state management and real-time data updates.
- Collaborated in an Agile remote team environment, contributing to sprint planning, code reviews, and timely feature delivery.
- The project followed Agile practices with version control via Git and regular code reviews to ensure clean, maintainable code.

## EDUCATION

---

### (BSC. CSIT) BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND INFORMATION TECHNOLOGY

2022 – Present

Kathmandu

*AMRIT CAMPUS*

## SKILLS

---

### PROGRAMMING LANGUAGES

C++, C, Javascript

### LIBRARIES/FRAMEWORKS

React, Nextjs, TailwindCSS, UI/UX

### TOOLS / PLATFORMS

Git, VS Code, Figma

### DATABASES

MongoDb, SQL

## PROJECTS / OPEN-SOURCE

---

### ECOMMERCE-SITE

*Nextjs, TypeScript, Tailwindcss, Zustand*

- Developed a frontend e-commerce site using Next.js, TypeScript, Tailwind CSS, and Zustand which features product listings, individual product pages, and cart functionality.

### MAIN PORTFOLIO

*JavaScript, React, Tailwindcss*

- Developed and deployed a modern portfolio website using React and Tailwind CSS to highlight my skills, projects, and personal details. It is designed with responsive layouts and smooth navigation which makes it easy for recruiters and collaborators to explore my work.

### PORTFOLIO ANIMATION

*Reactjs, javascript*

- Created an animated portfolio website using React and Tailwind CSS which features smooth transitions, responsive layouts, and interactive UI to enhance user engagement.

## **CODE-PEN** ↗

*Reactjs, javascript*

- Built a React-based "CodePen" that allows users to write HTML, CSS, and JavaScript code with live preview which demonstrates real-time rendering.

## **AI IMAGE GENERATOR** ↗

*Reactjs, javascript, AI, nodejs*

- A React-based web application that generates AI image through text prompts. Users can input creative prompts to generate unique AI images, post their creations publicly, and browse an interactive gallery of community-generated images. The project features image storage, sharing functionality, and a responsive UI for an engaging user experience.

## **RESTAURANT MANAGEMENT SYSTEM** ↗

*React, React query, Java, Postgresql*

- Building a role-based Restaurant Management System as part of a collaborative team project. I worked on the frontend development using React, implementing dynamic and responsive UI components. State management was handled using Zustand, while React Query was used for efficient data fetching, caching, and synchronization with backend APIs

## **HONORS & AWARDS**
